

AT THE PARTING
OF THEIR WAYS.Loyal Republicans Organize
State Convention.Roosevelt Adopt a State
Previously Favored.Platform Follows Socialist
Lead and Tendencies.

(BY A. P. NIGHT WIRE TO THE TIMES.)
SACRAMENTO (Cal.) Sept. 25.—The Republican State Convention adjourned its two days session at 3 o'clock this afternoon, after nominating thirteen Presidential electors pledged to Roosevelt and Johnson, adopting a platform promising a continuance of sweeping reform legislation at the next session of the legislature, pledging allegiance to the nominees of the national Progressive party and appointing a State Central Committee.

SLATE GOES THROUGH.
The report of the Committee on Nominations was submitted by Assemblyman Chandler of Fresno. It offered the list of electoral nominations previously agreed upon at the caucus of Republican leaders in San Francisco as follows: A. J. Wallace, C. S. Wheeler, Philip Bancroft, F. C. Porter, George C. Pardee, Marshall Simmon, Frank H. Devlin, Ralph W. Bell, R. C. Fernald, John McLaughlin, W. J. Harris, J. W. Finney and M. A. Luce.

BOLEMAN LEAVE-TAKING.
The bolt of the thirteen Taft delegates who sought the endorsement by the convention of the administration of President Taft, and the nomination of electoral candidates pledged to him, occurred, as predicted, when a resolution was adopted, apart from the platform, endorsing Theodore Roosevelt and Hiram W. Johnson for President and Vice-President.

None of the acrimony of the earlier debates of the convention appeared when the Taft delegates refused further to participate in the proceedings. In fact, there was a touch of solemnity in the leave-taking when Senator Leroy Wright of San Diego declared, in a brief address, his intention of leaving the convention hall with his colleagues. Senator Edward I. Wolfe of San Francisco, who stood with Wright through the convention as the leading protagonist of the Taft cause, cleared his desk and rose, with a bundle of books and papers under his arm, as Wright finished. Wolfe has served sixteen years in the Senate, and is a candidate for re-election. He has, with Wright, fought the Progressive in the last two sessions of the Legislature, at times bitter and hostile, but the departure of the two men was signified by an expression of kindly and generous feeling by Senator E. A. Boynton of Oroville, Progressive leader in the Senate.

LOOKS FORWARD TO REUNION.
"I had hoped this crisis might be averted," said Senator Wright, "but there is nothing to do but leave, as we cannot recognize this as a Republican convention. It is a convention of the Progressive party, pledged to the support of that party's national nominees. What we are about to do will not, I am sure, affect our personal relations, and I see the time coming when we will meet again and march together under the Republican party standard."

"We believe that you are taking this action on account of honest differences of opinion," said Senator Boynton, interrupting for a moment Wright's remarks, "and no man may be condemned for this. I am sure there will be no ungenerous expression of partisan feeling in this convention when you leave, and I believe I can assure you that the members of the convention that are not personal friends of yours will be generous by your action. We believe you will concede to us the highest motives which we grant you."

TAFT CONVENTION.
There was an exchange of pleasantries as the Taft delegates walked down the aisles and made a demonstrative exit to meet immediately in another hall of the Capitol building to organize a separate convention. Those who walked out were E. D. Bowman, Ben B. Lomond, Henry Ward Brown, Colma; William B. Bush, San Francisco; Charles W. Byrne, San Rafael; Lucien E. Fulwider, Santa Rosa; George H. Johnson, San Bernardino; J. A. Murray, Woodland; Senator Leroy Wright of San Diego, one of the leaders of the Taft faction, made a brief address in which he declared his intention of leaving the Progressive convention with his colleagues.

"This is not a Republican convention," said Senator Wright. "These delegates have been elected as Progressives. We will withdraw and organize a Republican convention."

TAFT ELECTORS.
The Taft leaders caucused early today and agreed on a list of nominees for Presidential electors to be brought to the convention as a minority report of the Committee on Presidential Electors. The following will be the nominees: E. D. Bowman, Ben B. Lomond, Henry Ward Brown, Colma; William B. Bush, San Francisco; Charles W. Byrne, San Rafael; Lucien E. Fulwider, Santa Rosa; George H. Johnson, San Bernardino; J. A. Murray, Woodland; Senator Leroy Wright of San Diego, one of the leaders of the Taft faction, made a brief address in which he declared his intention of leaving the Progressive convention with his colleagues.

"This is not a Republican convention," said Senator Wright. "These delegates have been elected as Progressives. We will withdraw and organize a Republican convention."

WHEELS RUN SMOOTHLY.
The Progressive convention passed without a single division on any issue. The electoral nominees previously had been selected by caucuses of Congressional district delegations, and there was no dissension in the adoption of the report of the platform and resolutions committee endorsing this list. The convention had been "purged" of the Taft faction when the platform was voted upon and it was adopted without discussion, except for the addition of a slight amendment. The subject of the convention occurred at

a public meeting of the Committee on Platform and Resolutions last night, when Senator Wolfe and Assemblyman Henry Ward Brown, of Colma, endorsed Senator Lee C. Gates of Los Angeles and Assemblyman William C. Clark of Oakland, on the question of the committee's acceptance of Senator Wolfe's resolution endorsing President Taft's administration.

RENIG ON TWO PLANKS.

A draft of the resolutions was prepared several days ago, and was revised last night and today, before submission to the convention by the subcommittee of the platform and resolutions committee, consisting of Assemblyman W. A. Sutherland of Fresno, Senator Charles Bell of Pasadena, and Assemblyman E. H. McGowan of Stockton. Two important provisions of the original draft were omitted, after an extended discussion in the committee. One was a plank pledging the convention to submit to the people a proposal to call a constitutional convention, for the revision and simplification of the Constitution, and the other was a pledge to add provisions in the admission of medical practitioners from other States without examination. Neither subject was brought before the convention and no resolutions were given for the inclusion of the two planks.

FIGHT IN COMMITTEE.
Senator E. I. Wolfe of San Francisco and Senator Leroy Wright of San Diego left the meeting of the Committee on Platform and Resolutions when the committee again refused endorsement of Senator Wolfe's resolution pledging the convention to the support of Taft electors. A resolution by Assemblyman Milton Schmitt of San Francisco advocating the transfer of the control of the San Francisco water front from the State to the city of San Francisco, also was refused endorsement. The vote on each plank was thirteen to two. The report of the subcommittee of the Committee on Platform and Resolutions was submitted to the convention and the opening of the convention and several hours was spent in revision and re-drafting.

MINOR PLANKS.
Several minor resolutions were adopted, including a protest against the consolidation of the internal revenue offices of San Francisco and Sacramento, at the former city, and a recommendation that a law be passed providing State aid for indigent mothers. The latter was later included in the platform.

ELECTORS NAMED.
The nomination of candidates for Presidential electors was the first order of business taken up when the convention convened today. Assemblyman Milton L. Schmitt of San Francisco offered a Taft list, as a minority report, after it had been refused adoption. Wolfe and Schmitt led a perfunctory opposition to the nomination of the Roosevelt men. The following are the Progressive electoral candidates:

Charles S. Wheeler, San Francisco; Philip Bancroft, San Francisco; Mrs. Florence Collins Porter, Los Angeles; George C. Pardee, Oakland; Marshall Simmon, Los Angeles; Frank R. Devlin, Vallejo; Ralph W. Bell, Eureka; R. C. Fernald, Santa Barbara; John T. McLaughlin, San Francisco; M. D. Harris, Fresno; J. W. Finney, Downsville, and M. A. Luce, San Francisco.

A CRUM OF A CONCESSION.
The introduction of the Roosevelt-Johnson resolution immediately afterward was a concession to the Taft leaders, made by the Progressive Platform Committee. The resolution, which was drafted separately from the platform in order to hold disaffected delegates to the last moment, but after Senator Wright of San Diego had been refused adoption, Wolfe and Schmitt led a perfunctory opposition to the nomination of the Roosevelt men. The following are the Progressive electoral candidates:

Charles S. Wheeler, San Francisco; Philip Bancroft, San Francisco; Mrs. Florence Collins Porter, Los Angeles; George C. Pardee, Oakland; Marshall Simmon, Los Angeles; Frank R. Devlin, Vallejo; Ralph W. Bell, Eureka; R. C. Fernald, Santa Barbara; John T. McLaughlin, San Francisco; M. D. Harris, Fresno; J. W. Finney, Downsville, and M. A. Luce, San Francisco.

DAYLIGHT ROBBERY.

(Continued from First Page.)

would vote for Roosevelt and Johnson. "Why don't you come out like a man and tell the truth about these electors?" said Wolfe. "What's the use of beating around the bush and ducking this issue. Of course, I know and you know that these electors are pledged themselves to the Bull Moose boss to vote for Roosevelt, but for some strange reason you refuse to admit it."

Wolfe then turned to Assemblyman Johnstone of the Sixty-eighth District, chairman of the Presidential Electors Committee, and asked him whom the electors selected by him and selected by the committee were to support. Johnstone tried to worm out of it, answering the question by declaring that he "didn't have any definite information as to how they were going to vote."

"You don't mean that," shouted Wolfe, pointing his finger at Johnstone. "You are quibbling in the name of the people. You know they agreed to vote for Roosevelt, and why don't you say so?"

THE LAW VIOLATED.
Assemblyman Schmitt of San Francisco then offered a substitute for the majority report calling on the convention to recommend Taft and Sherman electors, but it was voted down. Schmitt then called for a vote on their action in trying to evade the issue.

"Are you ashamed of your candidates?" What's the matter with you? In voting for electors pledged to Roosevelt you have violated the law of the country. You are a lawbreaker, and your leader recently declared 'I will take the vitals out of the Republican party in the nation' and do all in his power to wreck it. Then, why do you cling to the name of Roosevelt? You are a lawbreaker, and you know it, and the people of this State and nation know it."

Senator Wolfe then moved the convention reconsider "its resolution endorsing Taft and Sherman as the regular nominees of the convention. He said he wanted the action taken in order to put the delegates on record. Bornton declared the motion out of order. Several Taft delegates, however, declared the motion in order. He appealed from the decision of the chair, but to no avail. Assemblyman J. A. Murray of Woodland, a Taft delegate, made a speech in which he condemned the "steal" of the Republican party by the Linsner-Finn outfit and branded the Bull Moose cause as "perjury of the worst type."

"I look around and see many young men here who are law-breakers by your actions here. I have two boys and I would be ashamed to have them back on their oaths as you have done and are doing. You are trying to wreck the Republican party, but you're not a mighty big job. You can't disrupt the Republican party and you will fail in your attempt to send Theodore Roosevelt to the White House in the ruins of the Grand Old Party."

Murray was loudly cheered. Governor Stanford, who presided over the Assembly from San Bernardino, made a speech in which he attacked the situation and the Taft delegates and their plot to steal the Republican party.

Senator Sutherland, chairman of the Platform and Resolutions Committee, then introduced the resolution repudiating the Chicago convention and the Taft delegates.

PARTING OF THE WAYS.
After the vote had been announced, Senator Wright of San Diego said: "We are at the parting of the ways."

Stanchness.

RINGING ENUNCIATION
OF GREAT PRINCIPLES.

Republican State Convention Adopts Platform at Evening Session at Which Loyal Support Is Pledged President Taft—New Central Committee Is Elected and Electors Are Selected.

(BY A. P. NIGHT WIRE TO THE TIMES.)

SACRAMENTO, Sept. 25.—The Taft Republican State Convention met tonight, after its membership had bolted from the convention dominated by the Progressive faction, and adopted a platform, and appointed a State Central Committee. As a result of its action there are two platforms, two sets of candidates for Presidential electors, before the voters of the State, and two State Committees, each claiming the designation "Republican."

The Taft convention, which convened for a second session at 10 o'clock tonight, with Senator Edward I. Wolfe of San Francisco in the chair, was made up of the thirteen delegates to the State convention pledged to the support of President Taft. Organization had been completed at the first session, at which Wolfe was elected chairman, and committees on credentials, organization and platform appointed. There remained before the convention no business save the adoption of a platform, the draft of which was not completed until the convention assembled.

With several unimportant amendments the platform was adopted as submitted by D. D. Bowman of Ben Lomond, chairman of the Platform Committee. The other members were Henry Ward Brown of Colma, George H. Johnson of San Bernardino, C. W. White of Weaverville and Leroy Wright of San Diego.

The State Central Committee was appointed, consisting of three members from each Congressional district, twenty-five members at large to be appointed later by the chairman of the committee, to be elected later.

The names of the electoral nominees were filed late tonight. After the adjournment, the office of Frank C. Jordan, Secretary of State, being kept open for this purpose.

Jordan said tonight he would follow his plan, explained last week, of putting both sets of candidates on the November ballot, one under the designation of "Roosevelt Republicans" and the other "Taft Republicans." The Taft leaders reiterated their intention of refusing to concur in this plan, and the Progressive faction, consisting of the filing of a petition for a writ of prohibition in the Supreme Court, probably would be resorted to in a few days. The suit was filed to prevent Jordan from issuing

He spoke feelingly of the splendid record of achievement of the Republican party for over fifty years and said it was a tribute to the memory of the Grand Old Party of the past and present.

"The time has arrived when we who believe in true Republican principles must leave this hall," said Wright. "We came here thinking this was to be a Republican convention, but it has taken us nearly two days to smoke you and learn that it was not. You may resort to technicalities, but you can't down facts. The world knows that this is not a Republican convention. The people of California know it, and you know it. The time will come when you will be glad to march with us under the banner of true Republicanism. You say the Republican party is boss-ridden and old-fashioned. Why do you hold on to the name? There must be some good reason. How can this convention be a Republican convention when you have just repudiated the Republican party and its candidates?"

TRIBUTE TO MR. TAFT.
Senator Wright paid a high tribute to President Taft, which evoked loud applause from the floor of the convention and the gallery. He said that he was sure that the people of this country ever produced, and attacked Roosevelt for calling the President of the United States a "pickpocket" and "receiver of stolen goods."

WALK OUT OF CHAMBER.
Wright then called upon all true Republicans to leave the convention, asking up his hat, he walked out of the chamber, followed by twelve other delegates.

Senator Wolfe was elected chairman of the convention and Assemblyman C. William White of Weaverville, secretary. The following delegates answered to each other: "Casidy and Senator Wright, San Francisco; Senator Wright, San Diego; Assemblyman Bush and Schmitt, San Francisco; Senator Wright, San Bernardino; Assemblyman Henry Ward Brown, Colma; Assemblyman Bowman, San Bernardino; Assemblyman Pulwider, Santa Rosa; Assemblyman Murray, Woodland; Assemblyman Moore, Lemoore; Assemblyman Byrne, San Rafael, and Assemblyman White.

COMMITTEES NAMED.
Chairman Wolfe appointed the following committees: Credentials—Johnson, Wright, Casidy; Permanent Organization—Bush, Byrne, Murray; Platform—Bowman, Brown, White; Presidential Electors—Schmitt, Central Committee—Schmitt, Byrne, Pulwider, Murray, Bush, Moore.

The convention took a two-hour recess while the various committees prepared their reports.

ELECTORS' NAMES FILED.
The reports of the committees were unanimously adopted and the names of the electors were filed with Secretary of State Jordan. Grove L. Johnson, father of Gov. Johnson, addressed the convention and bitterly assailed the "Progressives" and Roosevelt.

"They have stolen everything in sight," he said. "They have violated every law of man, decency and manhood. They are trying to steal the election. They are no more Republicans than Jeff Davis. Roosevelt is the most vicious politician this country has ever known."

If Jordan carries out his plan to put Taft and Roosevelt electors under the same ballot, the lines will be sharply drawn when the majority report of the Committee on Organization was adopted, making permanent the temporary organization and centering in Chairman Caminetti the ample powers which party tradition has always allowed.

For chairman of the State Central Committee, J. O. Davis, president of the Woodrow Wilson League of California, was expected to succeed Robert Devitt of Yreka.

In the Fifth District, San Francisco, Mrs. Bourne Tucker was substituted as elector for W. F. Shanahan, the first choice. The full list of electors revised follows: First District—Clarence P. Lea, Sonoma; Second District—Senator T. W. Shanahan, Redding; Third District—Phil Lynch, Vallejo; Fourth District—Lynch, B. Monroe, San Francisco; Fifth District—Mrs. Bourne Tucker, Berkeley; Seventh District—George W. Mordecai, Mare; Eighth District—Joseph S. Tobin, San Mateo; Ninth District—Miss Mary E. Foy, Los Angeles; Tenth District—Timothy Spillane, Los Angeles; Eleventh District—George M. Connelley, Fresno; Twelfth District—Thomas Griffin, Modesto and R. F. Delvalle, Los Angeles.

ACUTE COMMITTEE TROUBLE.
The State Nominating Committee of the Democratic party sent a subtle, acute and perplexing morning wading deeper and deeper into new depths of uncertainty as the day advanced, the prospect of permanent adjournment, which seemed bright when order was called, receded into the future until Secretary Scott said that possibly tonight and likely tomorrow was the word. The vital question that consumed the morning was: Should the party call the party in question by friendly suit the constitutionality of the State primary law and should it seek to place its nominee on the November ballot by petition, or rely on the integrity and logic of its position as an undivided unit in the national party? No answer was had.

The Committee on Law and Procedure, Senator John Curtin, chairman, reported adversely to both proposals. Senator Caminetti, already committed to the affirmative, left the chair to argue hotly against Senator Curtin. He believed no loophole of opportunity to be left unwatched.

CONFESION OF WEAKNESS.
On the other hand Senator Curtin and his fellow-committee men, Senator Shanahan, argued that it was a confession of weakness for Democrats to follow the tactics of the Progressives, when they were not best with the same difficulties, and that to do so would call into question the very existence of the party and its right to its own name; that moreover, to circulate nominating petitions with but five days of grace before they must be signed and certified in the hands of the Secretary of State, was a physical impossibility.

HOTTER AND HOTTER.
With the argument waxing hotter and hotter it was finally decided to postpone a vote until the Committee on Platform and Resolutions had reported. A rough draft of the platform was at hand, but to summarize it would be merely misleading for it was freely admitted that in debate it would be materially altered from its first form. There were, for instance, sure to be objections from interior counties to a plank endorsing the Raker bill now before Congress which would authorize San Francisco to assume the rights she desires in the Hetch Hetchy Valley for her municipal water system.

SCORE JOHNSON.
That we recognize in President Taft, one of the greatest of living statesmen, a man held in highest esteem by the people of this country, but by every civilized nation on earth, and that we deplore the unjustifiable and ungentlemanly made-up of the present Government of California as reported in his public utterances, and that we repudiate such utterances as in no wise representative of the Southern Cal.

DEMOCRATIC
PERPLEXITY.State Convention Wrestles
With Knotty Issues.Delegates Wan, Weary,
Worn in Protracted Session.The Primary Law Is Subject
of Bitter Debate.

(BY A. P. NIGHT WIRE TO THE TIMES.)
SACRAMENTO, Sept. 25.—Rough along a tide of debate, the Democratic State Convention was swimming eagerly tonight toward adjournment. A handful of tired, sleepless and irascible delegates struggled with the grave questions at issue. Thirty-five out of 108 members constituted the supposititious quorum when recess was taken at half-past 7 o'clock until 10:30 o'clock tonight.

Senator Caminetti, the chairman, was asked what would happen to a member who raised a question of quorum. "We'll kill him," said the chair.

In session until 4:30 o'clock this morning, and convened again at 9 o'clock, the delegates and officers were outworn by the uncertainties of the State primary law and the problems of the platform.

Just before taking a recess a platform containing thirty-eight articles was adopted, but it contained so many amendments that the secretary was hesitant about entrusting it to a stenographer, for fear that the official copy could not be read. In general the platform sought to follow the national platform and the suggestions of Mr. Bryan made yesterday. It was to hear Bryan again that the convention took recess.

It was decided, acting on the opinion of the Committee on Law, that E. L. Doherty of Los Angeles, now in New York, may represent the Tenth District as elector, though absent from the State, without endangering the remainder of the ticket.

Whether to lace the names of electors on the ballot by petition as well as by certification had not been decided when adjournment was taken, nor did the members know whether or not they should test the State primary law by friendly suit, as had been proposed and fought.

ELECTORS NAMED.
Early this morning the members who had first decided to adjourn at midnight, and then to make it an all-night session, found that their work was not in shape to employ the time and adjourned a second time until 10 o'clock this morning. There was no more adjournment, and the State Central Committee to name, but the main object of the threatened all-night session had been accomplished—the electors resident and at large had been nominated before the tired delegates could slip home and destroy a quorum.

On the fight to organize the State Central Committee, the lines were sharply drawn when the majority report of the Committee on Organization was adopted, making permanent the temporary organization and centering in Chairman Caminetti the ample powers which party tradition has always allowed.

For chairman of the State Central Committee, J. O. Davis, president of the Woodrow Wilson League of California, was expected to succeed Robert Devitt of Yreka.

In the Fifth District, San Francisco, Mrs. Bourne Tucker was substituted as elector for W. F. Shanahan, the first choice. The full list of electors revised follows: First District—Clarence P. LABOR.

DRIVER CHARGES BOMB THROWING.

Days Union Agents Doused Him With Arid.

Alleged Offenders Taken by the Police.

Heinz Finds Bingham Strike in Statu Quo.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, Sept. 25.—[Exclusive Dispatch.] John J. Roberts, vice-president and business agent of the Stone, Lime and Cement Teamsters' Union, Local No. 716, and his brother, William Roberts, were arrested this morning and booked on charges of disorderly conduct on the complaint of a teamster, who charges the men assaulted him yesterday.

Max Gould, the teamster in question, was at work yesterday afternoon, when, according to the story told the police, the Roberts brothers drove up near him in a carriage and while John Roberts hurled at him an "acid bomb," the other brother swung a heavy stick at him. The stick missed him, but the "acid bomb" struck Gould on the shoulder, he says.

Part of the acid splattered into Gould's face, burning him, though not severely. The glass receptacle containing the acid bounced off onto the back of Gould's horse and burned it so severely that the animal had to be killed to end its suffering. Immediately after the assault Gould went to the Desplantes-street station and took out a warrant for the arrest of the men. Detectives searched for the Roberts brothers yesterday without getting a trace of them. Today the brothers again drove up to Gould and threatened to "get him." A few seconds later Gould saw some policemen going along the street together and he asked them to arrest the men.

The injury to Gould's horse has been brought to the attention of the Illinois Humane Society.

HEINZ VISITS BINGHAM.

Undercurrent of Unrest Among Strikers Waiting for Utah Copper Company to Make First Move.

(BY A. P. MURPHY TO THE TIMES.) BINGHAM (Utah), Sept. 25.—F. Augustus Heinz paid a visit to Bingham today and described the strike situation as being in "statu quo."

J. C. Lowrey and Yanco Terzich, in charge here for the strikers, spent part of the day at Upper Bingham and at the Highland Boy mine, where meetings were held with the miners. Other leaders were busy elsewhere.

About twenty more deputy sheriffs came in tonight, and a large number of cots and blankets were added to the supply already here.

Mr. Heinz, accompanied by Alfred Frank, general manager of the Ohio Copper Company, came from Salt Lake to Lark today and entered Bingham in jumper and overalls through the Mascotte tunnel, which connects the two camps.

"I have not taken part in any conference regarding the strike," said Mr. Heinz. "The resumption of work so far as the Ohio Copper Company is concerned depends upon conditions. I don't want to say that the end of the trouble seems indefinite."

Mr. Heinz inspected the property of the Ohio Copper Company and also part of the Utah Copper Company. He explained that although the copper output is off a twelfth of the copper output in the United States, it would be two or three months before the price should be affected by actual scarcity.

The fifty sharpshooters picked yesterday from the force of deputies have received no orders as yet to assume a position commanding the workings of the Utah Copper Company. Posted in conspicuous places today were notices signed by the Sheriff and County Commissioners warning all persons to disarm and avoid demonstration. Any person challenging another as to his personal property was to be arrested, according to the notice.

Despite the active preparations for war another day has progressed so far peacefully, but an undercurrent of unrest is becoming noticeable among the ranks of the striking copper miners who demand more pay and recognition of their union. Both sides stand firm in their demands. On the part of the miners the situation has developed into a wait for the first move of the Utah Copper Company.

WELCOME VISITORS.

Railroad Officials go to Winnipeg to Turn Tide of Canadian Winter Travel to Southern California.

(BY DIRECT WIRE TO THE TIMES.) PORTLAND (Or.), Sept. 25.—[Exclusive Dispatch.] John M. Scott, general passenger agent of the Southern Pacific Company, and A. C. Martin, assistant passenger agent for the O. W. R. and N., will leave next week for Winnipeg and other Canadian points to complete arrangements for another series of mid-winter excursions that will be conducted under the auspices of the Harriman system to Southern California next January.

These excursions have been conducted annually by the Harriman people for three years, and have been patronized largely by Canadian residents, who had been accustomed to spending the winters in other sections of the United States, but who now are turning to California in great numbers. All of the excursion parties originating in that territory are routed via Portland to the California coast.

COAL CARRYING RATES.

WASHINGTON, Sept. 25.—By the agreement between the New York Central and the Western Maryland, details of which became known here yesterday, coal from the Pittsburgh district will be laid down in Baltimore and other eastern tidewater destinations in competition with coal from Virginia, West Virginia, Kentucky and Tennessee fields. Such an arrangement, in the judgment of freight traffic experts, would mean an enormous influx of coal into the East from a source where the East has received little, and threatens a freight rate war among some of the most powerful railway systems of the country.

CRUSADE IN CANADA.

TORONTO (Ont.), Sept. 25.—[Special Dispatch.] A crusade to extend all over Canada was planned today by the members of the Methodist churches to rid the stage of immoral and indecent plays.

"CASCARETS" BEST BOWEL CLEANSER

No Biliousness, Headache, Sour Stomach, Coated Tongue or Constipation.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.

MORE TIME TO PREPARE TAXES.

RELIEF ACT TO BE PRESENTED TO LEGISLATURE.

Measure Is Being Drafted Which If Adopted Will Give County Assessor, Tax Collector and Auditor Three Months More to Prepare Books.

An act to give the County Assessor, Tax Collector, and Auditor three months more time to do their work during the busy season, and incidentally to prevent errors such as that made a few days ago in computing the Pasadena school tax, is being prepared by Deputy District Attorney Hammon for presentation to the Legislature next January.

The officials affected conferred recently with the county grand jury and asked that body to take action. They declared the phenomenal growth of the county has increased their business so that even an augmented office force could not do the work satisfactorily in the time allotted by law.

The Assessor begins work March 1 and presents his books to the Board of Supervisors, sitting as a Board of Equalization, July 1. After equalization the books go to the Auditor, August 1. The tax rate is fixed by the Supervisors on the third Monday in September, after the budget has been prepared. The books are delivered to the Tax Collector the second Monday in October, when taxes are due and payable. The Auditor surrenders them as soon as he can since the Tax Collector must have the rates early, to make out his bills. The strain in both offices is great at this time. To confusion and the necessity for haste county officials lay the error that cost the county \$200 to alter the incorrect Pasadena tax bills.

Under the proposed act, three months additional time would be given, to be distributed as needed between the three offices. The Assessor would begin work January 1, or two months earlier than at present, and report June 1, a month earlier. The equalizers would finish July 1, the rate would be fixed by the Supervisors on the third Monday in August, and the Auditor's books would be delivered to the Tax Collector on the second Monday in September, a month earlier.

"Our tax rolls have been growing at the rate of five volumes a year," Tax Collector Welch said yesterday. "Each volume has forty-eight lines to the page, and 300 pages to the book. This county furnishes the biggest problem west of Chicago to Assessors, Tax Collectors and Auditors. Values change rapidly; development is going on with bewildering speed, and there are more individual propertyholders than in any county in the territory I have named."

Auditor Lewis and Assessor Hopkins praise the proposed law. Hammon will present it for consideration of Southern California members of the Legislature in December. If their usual meeting is held here to consider measures to be brought up at Sacramento.

WAR OVER HOME RULE.

Protestant Stipples to Ulster Fly Union Jack—Feeling Runs High in Ireland.

(BY DIRECT WIRE TO THE TIMES.) DUBLIN, Sept. 25.—[Exclusive Dispatch.] Feeling is running high in Belfast in connection with the Ulster agitation against home rule. The Unionist leaders there are prosecuting a campaign well calculated to bring Catholics and Protestants into a violent conflict. The public meetings of Ulstermen will culminate Saturday evening with signing of a covenant by which the signatories solemnly pledge themselves to defy any Dublin government that may be established.

If the authorities can prevent rioting until the conclusion of the Saturday proceedings, probably no serious trouble will occur until an Irish Parliament actually comes on the scene and attempts to govern.

UNION JACK FLIES.

Ulster Nationalists fear that they are to be drawn into the row, although their attitude is one of aloofness. They wish to be regarded as non-combatants—as holding the ring for the government—preferring to let the Orangemen fight it out among themselves. Numbers of the Protestant churches in Dublin and the south are flying the Union Jack in sympathy with the agitators in the north, but no notice is taken of them.

CRUSADE IN CANADA.

TORONTO (Ont.), Sept. 25.—[Special Dispatch.] A crusade to extend all over Canada was planned today by the members of the Methodist churches to rid the stage of immoral and indecent plays.

Art Treasures from Far Away Lands and Days of Long Ago—for Your Home, Perhaps!

SURPRISING even connoisseurs with its unusual showing of antiques and reproductions, and proving veritable treasure-trove to patrons seeking further embellishment for homes already richly appointed, our Art Galleries and Decorative Section appeal especially to persons of culture.

Do you need a stately Jacobean chair to give the finishing touch to the music room? It awaits you here! And for that corner on the landing where the stairs turn—let us reproduce in our pottery shop the Etruscan urn of which the original will be found in the British Museum!

One has to journey only a short distance down "The Road to Yesterday," to find collectors of fine furniture ransacking the shops of the old world for appropriate fittings for their costly homes, holding that the artisan of a former day, Italian or Flemish, or English mayhap—had expressed the ultimate in artistry and luxury, and therefore they purchased abroad.

Today travelers return to Los Angeles from the Orient, from the Mediterranean or the Rhine, to order from our stock, enthusing over the clean cut lines and hand carving of an ancient chair secured for us by our art representative in Rome, and selecting with the certainty born of knowledge, a rare old Chippendale mirror of the Fifteenth century, whose polished surface formerly reflected the life of a Doge's palace in Venice. Their admiration, too, is quite as outspoken concerning our marvelous reproduction of "period" furniture, which, while far less expensive than real antiques, are equally desirable as to beauty of line and finish.

These offerings, assembled by experts with a royal disregard of time and money, are drawn from a reserve stock valued at many thousands of dollars. Bringing to his task an artist's appreciation of the beauty of line and finish, and guided by the unerring judgment of the specialist concerning the different woods, fabrics and designs which mark the development of style and period, the director of our Art Department spent a great part of last year in Europe, unearthing from dim, half forgotten shops and crumbling palaces, many bits of old carving, an ancient leather quite black with age, and numerous other articles of virtue, the first of these goods arriv-

ing but a short time since, and some even now are just being unwrapped and placed in our collection.

One especially pleasing souvenir of the trip is a set of quaint old chairs whose curved backs boast a hand-painted design, showing all the exquisite beauty of old cameo, and around which, our Art Director declares he will one day build a dining-room set—when he shall find a discriminating purchaser.

Also of special interest are some rare tapestries—one gorgeous bit, a copy of the de Medici queens, which, with its rich coloring, would quite likely vitimize that entrance hall you have been able to find nothing satisfactory for. And here you may find an old Chinese cabinet of black lacquer and gold, beautifully carved and inlaid. Also century old candlesticks ready to do duty as lamps, while over against the wall stands a console table, flanked by tall gilded columns and companion mirror—replicas of those to be found even yet in a few of the old homes in New Orleans and the Colonies. Carrying an especial appeal because of its religious history, is the Reredos of the grand altar of the Church of San Pedro Victoria in Spain, but the list grows too long!

May we not welcome you here, whether or no you are ready to purchase, and acquaint you more fully with our collection of beautiful art wares.

If you have not completed the new home, and are debating as to furniture, draperies, etc., one of our staff of household decorators will be especially glad to meet and advise with you.

\$100 BRENT'S Sale

Positively, prices during this Money-Raising Sale are at rock bottom—values absolutely not to be duplicated are the rule, rather than the exception! Don't let anything keep you from BRENT'S, the Great Credit House, this week! for a sale such as this cannot last indefinitely! Come—as Early in the Week as You Possibly Can!

We Discontinue the Agency for Eldredge Sewing Machines

Many Rental Machines at Half

After having been sole agents for three years for this celebrated make of sewing machines, we have decided to discontinue handling them. The Eldredge has been sold in Los Angeles for nearly thirty years, and is favorably known to thousands of women hereabouts. Every machine is sold under a positive guarantee—even at the reduced prices.

As the first move towards dropping this agency we shall place on sale this week a number of machines which have been used in rental; and these machines will be sold at just half regular prices.

Come in and look the line over—and pick out the one YOU want—for they'll go like wildfire—no question about that.

50 Rolls Matting Yard
White, inserted and fancy weaves; matting which commands regular prices of 25c, 30c and 35c a yard; while it lasts, buy all you need at these three prices—

This Magnificent \$25 Fumed Oak Dresser. \$15.75 To Close Out the Carload

Last week we told you of having received a full carload of these Dressers, which we proposed to sell out at \$15.75. We did sell all but very few—some twelve—now we propose to clear out these within a very short time by further reducing the price to \$15.75. These dressers vary somewhat as to base and size of glass, but all are built on the same smart lines as the one illustrated. BRENT'S regular price for similar dressers is \$25—while any are left, we will close them out at just \$15.75. Is a ten-dollar saving worth while to you?

Other Bargains—in—
Good Dressers

It makes no difference what sort of style of dresser you may be looking for—if it is a GOOD style, you can find it at BRENT'S—and during this sale, at a noteworthy saving. We have good dressers for as little as \$6.75—others up to as high as you care to go, in all woods, styles and finishes. Get BRENT'S prices.

Sale "Log Cabin" Rugs

Everybody's familiar with these popular rugs—few people who do not know how excellently they wear, and how well their colors harmonize and blend with the furnishings of practically any room. To buy them under standard value, is indeed, a rare opportunity.

THROUGH BILL OF LADING

Our Foreign Credit Department Uniform Practice.

Chambers of Commerce In Annual Session.

Trade Statistics Discussed Boston Gathering.

ST. P. NIGHT WIRE TO THE BOSTON, Sept. 25.—In his address before the fifth international conference of the American Association of Chambers of Commerce, Mr. Haight declared that the importance of such bills of lading had been over exaggerated as an example of the success of new legislation. He stated that the amount of exports from the United States to the thirty-four countries of the world, as estimated at the end of 1911, was \$1,000,000,000 worth of merchandise per month, or about \$12,000,000,000 per year.

The two essentials of a bill of lading, Mr. Haight declared, were that it must be binding upon the carrier whose agent has issued it, and that it has passed in the hands of an innocent purchaser.

LIABILITY ON BILLS. Mr. Haight quoted from the report of Prof. Samuel Williston, a law school, who made an examination of the bills of lading of foreign countries.

He found that the carrier is liable on a bill of lading issued by him under which one who, in good faith, has purchased the goods, is protected against the carrier's liability. He said that this rule is the law in the English-speaking countries.

"It is, therefore, in Great Britain and the United States alone, legislation is necessary to protect the first requirement of a bill of lading."

Under the protection of our own law, Mr. Haight urged upon the immediate enactment of legislation which would give a bill of lading issued by a carrier upon an interstate or foreign shipment the same force and effect as a bill of lading issued by the carrier in the value of the goods delivered in the bill, at least to the extent of the advances made in reliance on such liability exists under the laws of many of the States.

POMERENE BILL.

For the various bills of lading, the Pomerene bill, which is the basis of the proposed legislation, is the one which is most widely used, and is frankly preferred by the majority of the Senate Committee on Commerce, to which it was referred.

UNIFORM STATISTICS.

A report favoring the most uniform statistics for the world's commercial statistics was issued by a report presented to the conference by Eugenie Allard, of the Belgian Chamber of Commerce of Paris.

The report says in part: "At this time of tariff changes, each country is endeavoring to secure a more uniform system which he can use as well as official circles. The results show that the custom from which to draw the statistics, to support theories for a uniform system, they must exercise a negative and decisive influence on the attitude of the nations."

Conditions taken into consideration, the conference held at Brussels, 1910, in establishing uniform bases for all the subcommittees for the establishment of a uniform system of classification of each country, of a uniform classification under which, in 1915, classifications of goods, descriptions, goods imports and exports, indicating both weight and value.

GROSS AND NET WEIGHT.

"While looking forward to a uniform definition of gross weight and net weight in the application of duties, of valuation of merchandise, the places of production, the commercial world is interested to see the inauguration of the supplementary table of the conference, which would make for itself the standard measure whose necessity is becoming more and more essential."

MAN'S LAND NOW.

Struggle for Spitzbergen. The Russian flag at Bell Sound, and A. P. TO THE CONFERENCE. The long-expected report on the production of the production of the conference, which is likely to begin soon, is a country officially has been made a part of the archipelago of the Arctic.

Now, however, the struggle is over. It has been decided that the whole of the Russian territory and the islands in the Bering Sea, Swedish and American companies consider this a violation of their rights and urge a settlement of the whole Spitzbergen.

Bell Sound is in the south of the main island of the group called "New Spitzbergen." It is a good harbor for the Russian fleet, and its virtuality mean the exclusion of other countries from the archipelago.

Life's Seamy Side.

WARDEN PLEADS FOR CONVICTS.

Says Paroled Men Get No Opportunities.

He Castigates Policemen and Sheriffs.

Address to Chicagoans on Jail Reform.

(BY A. P. NIGHT WIRE TO THE TIMES.)
CHICAGO, Sept. 25.—Thomas R. Tynan, warden of the Colorado State Prison, in an address before the members of the Chicago Association of Commerce, today declared that police and sheriffs persecute paroled convicts and do not give the former prisoners an honest chance to reform.

"Any one directly acquainted with the methods of the police and sheriffs generally knows how they regard the poor fellow who has served a term in the penitentiary," said the warden.

"His record stands against him, and the moment anything happens he is paroled, he is asked if he is found within a mile of the scene of a crime.

"I have had more trouble from convicts paroled from our Colorado institution and the police than the poor prisoner ever gives society. They don't give the unfortunate fellow the proper chance, and a better system must be devised."

Warden Tynan also denounced slugging and said it made men more snarly and incited in them bitterness.

CLAIM BY A GREEK.

Wife Offered in Slavery Murdered by a Man Who Commits Suicide.

(BY A. P. DAY WIRE TO THE TIMES.)

SALT LAKE CITY, Sept. 25.—The murder early today of Mrs. Mary Theodorson, followed by the suicide of a Greek, Thomas Tiliogus, brought out a pitiful story of mistreatment.

Mrs. Emily Whitmer, the girl's mother, relates that she was employed in a restaurant at Ogden, where she met and was married to James Theodorson, eighteen months ago. With his bride, not yet 18 years old, Mrs. Whitmer says, Theodorson moved to New Mexico and then to Denver, where the husband was sent to prison.

Mrs. Theodorson was going to the home of her mother from a Greek coffee house in which she was employed after her return to Salt Lake, accompanied by her brother-in-law, when Tiliogus stopped her, made a demand on her for money, and then shot her dead. He wound himself and was traced for some distance by a trail of blood. Later in the morning he was found dead in a coal bin.

DICK WALKING DELEGATE.

Employees Recuse Agitation and Proceed to Drive Would-be Organizer Out of Town.

(By Federal (Wireless) Line to the Times.)

THEMPOSONVILLE (Cal.) Sept. 25.—(Special Dispatch.) Because they objected to his efforts to organize a union among the employees of the Hartford Carpet Corporation, an angry crowd of about 400 men and boys took Charles A. Miles, a representative of the American Federation of Labor from New York, and chased him out of town. He had made several attempts to organize a union among the men, but from the first they did not take kindly to him. When he promised to leave town at once, the leaders released him. He was chased for about half a mile to the outskirts of the town, where he boarded the last car for Springfield.

HE CHOOSES SHOOTING.

Young Man Convicted of Murder Is to Die in Utah Prison This Morning.

(BY A. P. NIGHT WIRE TO THE TIMES.)

SALT LAKE CITY, Sept. 25.—Harry Thorne, a youth scarcely past his majority, will execute the murder of George W. Fassel, two years ago, at the State Prison tomorrow morning. He has chosen shooting as the mode of execution. Thomas Riley, who assisted Thorne in holding up Fassel's store when the grocer was killed, is under sentence of death on October 24.

WOMAN IS MUTILATED.

Chicago Coroner Is Investigating Mysterious Death of Domestic in House of a Physician.

(BY A. P. DAY WIRE TO THE TIMES.)

CHICAGO, Sept. 25.—The Coroner's office started an investigation today into the mysterious death of Miss Annie Rice, who expired at the residence of a north side physician after two days of wandering about Chicago.

The Coroner said the girl's body had been mutilated. Detectives have traced Miss Rice's movements for several days prior to her death with the exception of one twenty-four-hour period which they cannot account for. She had been employed as a domestic in a north side home.

Miss Rice applied for shelter and medical aid at the physician's house where she died. The doctor who cared for her said she was ill of pneumonia and in an extremely emaciated condition when he saw her first.

Miss Rice's body was discovered in a west side undertaking establishment by Coroner's physician Henry G. W. Reinhardt, who ordered the inquiry into the death.

PITIFUL STORY CONFIRMED.

HUSBAND IN PENITENTIARY.

(BY A. P. DAY WIRE TO THE TIMES.)

DENVER (Colo.) Sept. 25.—Federal Court records here confirm the story of Mrs. Emily Whitmer. About six weeks ago James Theodorson was found guilty in the United States District Court of a statutory charge brought by the Federal grand jury and sentenced to two years in the Federal prison.

PLOT AGAINST SNEED.

Witness in Habeas Corpus Case Says There Was Conspiracy to Kill the Defendant.

(BY A. P. NIGHT WIRE TO THE TIMES.)

AMARILLO (Tex.) Sept. 25.—Cross-examination of Mrs. L. A. Rogers of Dallas, Tex., relative to letters signed "Albert," alleged to have been shown her by Mrs. Sneed in July and August of this year, occupied most of the afternoon in today's hearing of the habeas corpus proceedings in behalf of John Beal Sneed, alleged slayer of Al G. Boyce.

Mrs. Rogers reiterated statements as to her knowledge of the alleged plot against Sneed's life and testified that on one occasion Mrs. Sneed had written Boyce that she was expecting to become a mother and that Boyce had replied expressing gladness.

Other witnesses testified as to correspondence said to have passed between Boyce and Mrs. Sneed in recent months and visits Mrs. Sneed is said to have received from Boyce at various points in and out of the State.

Len Boyce, brother of Al G. Boyce, was the first witness today. After identifying his brother's handwriting, the witness said he had written to Al G. Boyce in Ft. Worth during July of this year under the names of "John" and "O'Day."

John Pace of Clayton, N. M., brother-in-law of Mrs. Sneed, testified to his receiving letters from Mrs. Sneed under her own name and offered the trial of Sneed for killing the elder Boyce at Ft. Worth.

ELDERLY LIVING ON RANCH.

(BY A. P. NIGHT WIRE TO THE TIMES.)

CALVERT (Tex.) Sept. 25.—Mrs. Lena Sneed, whose elopement with Albert Boyce, Jr., started the Sneed-Boyce feud, is living on the Sneed ranch, a few miles from here. Sneed was with her until ten days ago, when he went to Amarillo, where he is alleged to have killed Boyce.

LEACH SPRING OUT.

AN INVITATION BY LOS ANGELES.

COMMERCIAL MEN ARE URGED TO VISIT COAST.

San Francisco's Settlements Rejected by Broad Spirit of Welcome Assured by H. Z. Osborne to Delegates of International Congress of Chambers of Commerce.

(BY A. P. NIGHT WIRE TO THE TIMES.)

BOSTON (Mass.) Sept. 25.—(Exclusive Dispatch.) The fifth International Congress of Chambers of Commerce is now in session here and is the largest and most representative body of commercial men ever assembled.

The San Francisco Chamber of Commerce extended an invitation to the members to visit the Pacific Coast at the end of their itinerary to examine the site and plans of the Panama Pacific Exposition, but made no reference to Los Angeles and San Diego.

President H. Z. Osborne of the Los Angeles Chamber of Commerce today presented the following invitation, which will appear in the Journal of the proceedings tomorrow.

INVITATION FROM LOS ANGELES.

Fifth International Congress of Chambers of Commerce—Regretting that the itinerary of delegates to the fifth International Congress of Chambers of Commerce could not be conveniently extended to embrace the Pacific Coast, the Los Angeles Chamber of Commerce desires cordially to join the San Francisco Chamber of Commerce in an invitation to the delegates from abroad, after they have completed their scheduled visits to the eastern and middle western cities, to visit California and other Pacific Coast States before returning to their distant homes.

"The early opening of the Panama Canal, bringing as it will, the Pacific Coast cities of the United States into more intimate and extended commercial relations with Europe and other foreign countries, renders a visit to California at this time of special interest to the delegates of the fifth International Congress of Chambers of Commerce, which will be held at our neighboring city of San Diego the same year and which, though less extensive, will be most interesting and worthy of a visit.

"Such delegates as may go to California while in the United States are requested to communicate with this body and they will receive a most cordial welcome at Los Angeles and San Diego.

LOS ANGELES CHAMBER OF COMMERCE.

H. Z. Osborne, president."

MAY BE NAVAL RESERVE.

Transfer of Officers Marks the Beginning of Movement for Change in Government's Policy.

(BY A. P. DAY WIRE TO THE TIMES.)

WASHINGTON, Sept. 25.—The beginning of a movement looking to the making of a naval reserve, which is being strongly urged upon Congress at the next session, is marked by the detachment of Capt. C. G. Marsh from command of the battleship Ohio to duty as an assistant to the chief of the Navy Department as assistant to the aide for material. Capt. Marsh, now on duty in the division of material, will assume command of the Ohio.

Capt. Marsh, who was formerly charged with the conduct of naval military affairs, is to collect information for the use of Congress regarding the number of seafaring men who might be expected to become reserve men.

FIGHT WITH MOROS.

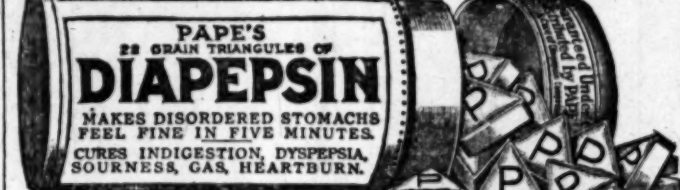

MANILA, Sept. 25.—A band of Moros, who killed a Filipino, was pursued by a detachment of constabulary.

A hand-to-hand encounter ensued, in which the Moros were killed. Lieutenant Frause, who was associated with M. Morgan Shuster in Persia, and four men of the constabulary, were wounded.

STOMACH SOUR AND FULL OF GAS? GOT INDIGESTION? HERE'S A CURE

Time! In five minutes all stomach distress will go. No indigestion, heartburn, sourness or belching of gas, acid, or eruptions of undigested food, no distension, bloating, foul breath or headache. Paper's Diapepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest, and most certain remedy in the whole world and besides it is harmless.

Millions of men and women now eat their favorite foods without fear—they know now it is needless to have a bad stomach.

LARGE 50 CENT CASE—ANY DRUG STORE.

See Oriental.

LIGHT FROM THE EAST ON THE LIVING ISSUES.

(BY FEDERAL (WIRELESS) LINE TO THE TIMES.)

NEW YORK BUREAU OF THE TIMES, Sept. 25.—(Special Dispatch.) The following editorial comments on topics of the hour are printed in eastern papers:

THEODORE'S CONTRIBUTION.

"EPITHETON ORNAMENT."

[New York Sun, Sept. 25.] Cycles have predicted that the panic of 1907 would be the one thing by which Theodore Roosevelt would be remembered. Wrong again. In imitation, conceivably, of the flower of knighthood and mirror of courtesy, everybody calls everybody else "a liar." The epithet becomes indeed what the masters of our youth used to call "epitheton ornatum."

Fustian, conventional, decorative, padding, prunella.

So much it seems right to say in honor of the Oryster Bay Gala's main contribution to American "progress," "culture," and civilization.

DIPLOMAT WILL BE MISSED, VON BIEBERSTEIN'S SUCCESSOR.

[New York World, Sept. 25.] That Germany had a free hand in her ambitious Anatolian Railway schemes, that the Turkish army was largely reorganized by German officers under Abdul Hamid; that German commerce with Turkey have grown so close and profitable, and that German influence in Constantinople has come to occupy the preponderance long enjoyed by the British under Stratford and Canning and his successors, is a fact in a large measure common opinion, and to the ability displayed for fourteen years by Baron von Biebertstein, German Ambassador to the Sublime Porte.

STRANGLING PERSIA.

FAKE IS REAL.

[New York Press, Sept. 25.] Very little doubt now remains that England and Russia have agreed upon the partition of Persia. The position of the British government has been indicated by the Foreign Minister, Sir Edward Grey, the Russian Minister, Sir Edward Grey, the Russian Minister, Sir Edward Grey, the Russian Minister, Sir Edward Grey.

Now that the Russian Foreign Minister, Sergius Sazonov; the Russian Ambassador and Sir Edward Grey have concluded their agreement at Balmoral with King George in full accord, the fate of Persia may be regarded as sealed.

KAISER AND KRONPRINZ, EMPEROR GROWN OLD.

[New York World, Sept. 25.] The tales of estrangement between the Kaiser and his eldest son are not particularly important. Lack of harmonious feeling between Hohenzollern rulers and heirs to the throne has been common. The Kaiser is said to disapprove of his son's "distinction" for the duties which would help him to his position as the ruler of the German empire.

Probably, the Kronprinz views the Kaiser in a different light and is confident he is treading the right path. He belongs to the rising generation. Viewed thus, the situation has its interest. The Kaiser, who has been in power for the longest time of any ruler in the world, is now the youngest of the world's rulers, and the one in whose hands the destinies of the youth were most frequently noted by his contemporaries. But he has grown old before the world has noted the latest of time. He may reign many more years, but he is no longer the incorrigible boy who startled Europe, but the elderly father of a coming ruler who has ideas of his own.

IN HANDS OF ENEMY.

FLINN-ROOSEVELT COINCE.

[Philadelphia Press, Sept. 25.] If there had been any doubt in the mind of anyone that the Republican organization is in the hands of those hostile to the party that doubt must have been completely removed by the meeting of the so-called Republican State Committee last Friday. It was a shameful and humiliating demonstration of the helplessness in which the party stands in the hands of the Flinn-Roosevelt domination of the organization.

The control of the State organization by Flinn has enabled him to command the situation up to this time. The promised change in the electoral ticket which should have been made last Friday or a month ago, for that matter, as well as at any subsequent time, has been put off until the thirty-first of December, when it will be made then.

There is plenty of fighting spirit in the loyal Republican ranks of this great Republic, but loyal Republicans are not prepared to be led into ambush. It is time to get the contest out into the open, where everyone can take part in it and everyone can see the enemy.

SIDESTEPING THE TARIFF.

DEMOCRATIC SUBTERFUGE.

[Washington Post, Sept. 25.] From the standpoint of the public a master of regret that W. O. McAdoo, acting chairman of the Democratic National Committee, could not see his way clear to an acceptance of the challenge sent

him by Chairman Hill, of the Republican National Committee, for a joint debate between leading Democratic and Republican orators on the tariff question.

While McAdoo words his declination facetiously, putting it on the ground that the Republicans could not furnish the names of the audience, the fact remains that the Republicans showed a real willingness to meet the tariff issue fairly and squarely while the Democrats decline to do so.

AN UNSAVORY MESSAGE.

ROSENTHAL SCANDAL.

[Baltimore American, Sept. 25.] New York is setting the country an example of how not to do things by its handling of the Rosenthal murder and graft case. That such a crime was possible in an American city was bad enough to start with. It proved that gunmen and thugs could be hired in that city to commit outrageous murder, without promise of much reward outside of protection from prosecution. What have since the crime and each day has brought forth some new squabble or scandal in connection with it.

The squabbles are still going on. Instead of harmony among the authorities that would present to the courts the strongest case possible, the rows threaten to badly interfere with justice. If the murderers of Rosenthal are convicted and Becker punished, the country will be surprised, for a more unsavory mess has rarely been turned up in New York.

NEW OIL COMPANY.

California Petroleum Concern Is to Have a Capital of Thirty-five Million Dollars.

(By Federal (Wireless) Line to the Times.)

NEW YORK BUREAU OF THE TIMES, Sept. 25.—(Special Dispatch.) A new petroleum company, to be known as the California Petroleum Corporation, is announced, will be incorporated under the laws of some State to be approved by William Solomon & Co., with a capital of \$35,000,000, the common and preferred stock to share equally in the stock division.

This company, it is said, will acquire a controlling interest in the American Petroleum Company and the American Oil Fields Company, and when fully organized will be one of the largest of the kind in the country, confining its operations to producing and marketing fuel oil.

ECLIPSE OF THE MOON.

Passing of Earth's Shadow Visible in West at an Early Hour This Morning.

(BY A. P. NIGHT WIRE TO THE TIMES.)

WILLIAMS' BAY (Wyo.) Sept. 25.—Prof. S. B. Barrett of the Yerkes Observatory here today said the partial eclipse of the moon probably would be visible tomorrow morning about 1 o'clock. "The observation will be great," said Prof. Barrett. "Only about one-eighth of the moon will be hidden."

"If weather conditions are favorable an observer looking toward the west ought to get a fair view of the phenomenon."

"In the far western portion of the country the chance to view the salient features of the eclipse will be much better than in the vicinity of Chicago."

PRESIDENT COMENDS CAPTAIN.

Relief Measures for Kodiak Island Devastated by Volcanic Eruption to Continue All Winter.

(BY A. P. NIGHT WIRE TO THE TIMES.)

SEATTLE (Wash.) Sept. 25.—The revenue cutter Manning, the first of the Bertha Sea patrol boats to leave the North, arrived at Port Townsend today. The cutter sailed north with instructions to relieve all cases of distress that came in view, and the Manning, which was close to Kodiak Island when Mt. Katmai began to show ash, carried out her orders so well that President Taft sent a letter of commendation to Capt. K. W. Perry.

Rations will be issued all winter to the 600 destitute natives of Kodiak Island and Shikof Strait, and the distribution will be under the direction of Lieut. Kelster of the Manning, who remained in the North. The government herd of 150 cats on Kodiak Island must be fed through the winter. Last winter there was pasture, but the ashes which covered the island have made it a desert.

RAFFLES ADJUDGED INSANE.

CHICAGO BUREAU OF THE TIMES, Sept. 25.—(Special Dispatch.) Jacob Foy Guthrie, Chicago's Raffles burglar and forger, who stole \$250,000 in jewels and valuables from rich South Side residents, was adjudged insane here yesterday by a jury, his trial stopped and committed to the Chester asylum for the criminal insane.

More Naval Enlistments.

WASHINGTON, Sept. 25.—(By A. P. Day Wire.) Enlistments in the navy through the recruiting service for the week ended September 11 speed amounted to 499, the largest figure for any week since that of January 13, when 587 enlisted.

Soil, Water and Climate Combine for Wealth and Health at Perris

FOLLOW THE TRAIL of the men who pursue farming as a business, and it leads into the fertile Perris Valley. The soil is rich and productive. Fruits and vines and usual farm crops prosper there. Owing to deep soil and the fact that water is well developed, alfalfa is unusually successful there. The crops are large, the cuttings heavy and constant. The railroad station is on the land, bringing the market to the door. Los Angeles itself is only 2 1/2 hours away on the Santa Fe Railway.

With all these advantages the price is low. Only \$100 to \$150 an acre. Four years time to pay for it. These are the reasons why the hard-headed, practical farmers, in the business because it pays, are going in such numbers to Perris.

Where Else Can You Get 20, 40, 60 or 80 Acres on Four Years' Time, With Free Water Rights at \$100 to \$150 an Acre

Excursions Wednesday and Sunday. Come in for Booklet and letters from farmers who

Heroic Treatment.
KITES CHECKS; GOES TO JAIL.
MILLERSON'S SON, HAROLD F. HOOPS, IN TROUBLE.

Chicago Youth, Firt and Cigarette Smoker, Sticks to the Calaboose as Place of Reform—He Reforms by Going Over to Real Black Cigars Instead of "Pills."

(By Federal (Wireless) Line to the Times.)
CHICAGO BUREAU OF THE TIMES, Sept. 25.—(Special Dispatch.) Harold F. Hoops, son of a millionaire, flitted with a girl, kited checks and went to jail. His father refused to pay his fine. He served half his sentence, then his father released and paid the balance. Harold, in the meantime, had "found" himself and decided to stay in jail for a while, in an effort to get rid of a third and a speed man. Today was his first day as a prison guest.

Hoops was found at the Bridewell, 211 Main St. L. C. R. 2, 11-12, Main St.

today in a natty gray outing suit. He had discarded the suit which marked him as a prisoner.

"I am in Mr. Whitman's hands," said the youth, referring to the superintendent of the Bridewell. "I've found him a good friend."

"What are your reforms?" he was asked.

HIS REFORMS.
Hoops held up the cigar he was smoking while he superintended the building of a tiny bridge in the Bridewell grounds.

"That's one of them. I've quit cigarettes. Did you ever notice that all the dope fiends smoke pills? Out at Venice, Cal., I saw the palace a man built out of the profits in a certain dope cigarette. He's rich on blood money."

"Cigars for mine. It's more dignified, anyway."

"I'm going to let my actions speak for themselves and they are going to speak in a different language from some of my pranks in the past."

It is said young Hoops will later take up work in his father's establishment. He declared there was no time set for his departure from the Bridewell.

If You Want to Go East C. Haydock, 211 Main St. L. C. R. 2, 11-12, Main St.

Rules That Will Govern The Times Booklovers' Contest

The contest is open to everybody. Only Times employees and members of their families are barred. Daily for 77 days will be published in The Times a picture representing the title of a book, one each day. Beneath this picture will be a coupon to fill in with the name of the book and the author, together with name and address of entrant.

Cut out the picture and coupon, filling in the book title and author's name, writing your name and address neatly and plainly in the place provided. No restrictions are placed on the manner in which answers to pictures are secured. Each picture represents the title of one book only. If you are not certain of your solution you may send in one to ten answers to the picture. NO MORE THAN TEN ANSWERS WILL BE ACCEPTED TO A PICTURE. Incorrect answers will not count against contestant if correct answer is also given. And put one answer to each picture and coupon. Extra coupons must be secured and used for extra answers. All answers to each picture must be kept together in compiling your set.

Additional pictures and coupons may be obtained at The Times office, by mail or by person. Answers will not be accepted unless they are properly filled out on the coupons appearing beneath each picture. It is necessary that pictures be sent in with the answers in order that all answers may be uniform.

When you have all 77 answers, fasten them together and bring them or mail them in a neat flat package—not folded or rolled—to The Times office, addressed "BOOKLOVERS' CONTEST EDITOR." Prizes will be awarded contestants sending in the largest number of correct solutions. In the event of two or more persons having the same number of correct solutions, the person using the smallest number of extra coupons in the set of answers will be declared the winner. In event of two or more persons having the same number of correct solutions, and using the same number of coupons, an equal interest in the prizes tied for will be given to each of the tying contestants, or the persons involved in the tie may choose any one of the other lesser prizes.

More than one prize will not be awarded to any one family, but each member of the family may enter the contest and submit a complete set. Only one complete set (comprising not more than 10 answers to any one picture) of answers may be submitted by a contestant. Awards will be made strictly according to the merit of each separate list. The names of more than one person must not be written on any one coupon.

All answers will be considered on their merits. The first set filed will have no preference over the last set filed; provided only that answers must be filed within the time specified after the last picture has appeared.

The awards will be made by the Contest Editor and three well-known citizens whose names will be announced later.

The correct answers to the series of pictures will be filed with a local trust company or bank a week previous to the close of the contest. Entry to the contest may be made at any time. All communications or letters of inquiry concerning the contest should be addressed to the Booklovers' Contest Editor, The Times.

No. 66 September 26, 1912 No. 66
Wait until you have all the answers to the pictures before sending them in. No partial lists will be considered.

YOU HAD BETTER GET A CATALOGUE AT ONCE

All Book Titles Used in This Contest Are Taken from Our Booklovers' Contest Catalogue

Persons entering this contest today, tomorrow, next week or any other time before the contest closes, will have exactly the same chance of winning a prize as those who previously entered.

Answers from entrants will not be accepted until the entire 77 pictures have been printed.

Take an object lesson showing the advantages of the catalogue to contestants: Suppose a picture represents a ship on fire at sea. Suppose, also, that you haven't the least idea what title it can represent. Well, study out the picture. Turn to your catalogue. See if a book is listed such as "The Fire at Sea," or "The Burning of the Ship," or something like that, for ALL THE CORRECT TITLES ARE IN THE CATALOGUE, which is copyrighted by the Booklovers' Contest Company, San Francisco, Cal.

Specific Blood Poison

Specific Blood Poison usually begins with a tiny sore which is the only outward evidence of its presence, but down in the blood the treacherous poison is at work and soon its chain of symptoms begins to crop out. The mouth and throat swell, sores and ulcers appear on the body and the glands in the groin swell. Mineral medicines cannot close Specific Blood Poison; they only shut the disease up in the system to break out afresh later. S. S. S. goes into the circulation and removes the last trace of the infectious virus, tones up the stomach, bowels, kidneys and all portions of the system, and thus makes a perfect and lasting cure. S. S. S. is made of roots, herbs and barks and does not contain a particle of mineral or other harmful drug. Thousands have cured themselves of Specific Blood Poison by the use of S. S. S. It will cure you if you will give it a trial. Special Home Treatment Book and any medical advice free to all who write.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

Pasadena. FAILS TO TAKE BRIDE A-RIDING.

Stolen Auto Balks on Going
on Honeymoon Trip.

Rose Tournament Committee
Gets Busy Early.

Hundred-Foot Boulevard to
Shed Storm-Water.

PASADENA, Sept. 26.—Pleading guilty to a charge of stealing the automobile of George W. Blosser of No. 400 South Marengo avenue, last Tuesday, Henry R. Foster of Los Angeles, who was arrested by the police of that city five minutes after the local police had notified them of the loss of the car, yesterday told Justice of the Peace Dunham, before whom he was tried, that he took the machine in the stolen car, yesterday told Justice of the Peace Dunham, before whom he was tried, that he took the machine in the stolen car, yesterday told Justice of the Peace Dunham, before whom he was tried, that he took the machine in the stolen car.

The woman, who, by the way, never got her ride—told Justice Dunham that despite what her husband had done she loves him still, and has confidence in him.

Foster is a chauffeur and he told the court that he had received his training in a Y.M.C.A. school. The temptation to take his bride riding, he declared, was too great to resist. He started for Los Angeles in the stolen machine, but when he had reached a point near the wild animal farm it began to balk, and finally stuck fast in the road. Other automobilists came along and endeavored to help him get it started. Failing in this, Foster offered to sell the car for \$100. This was what led to his arrest. The sum was so small compared with the value of the machine that suspicion was aroused and the Los Angeles police were notified of the incident. Simultaneously they were told by the Pasadena police that an automobile had been stolen.

WORK BEGINS.
Although there are over three months more before the Tournament of Roses will be held, on New Year's Day, the Tournament of Roses Association yesterday fired the opening gun of its campaign. Letters were sent to all of last year's members of the organization urging that they renew their membership this year and do all they can to make the coming tournament even more successful and popular than its long line of successful predecessors have been.

A better offer is made prospective members this year than heretofore. The directors of the association proposed to give each \$5 membership fee an order for \$3 worth of grand stand tickets, instead of an order for \$2 worth, as last year.

A change in the directorship also was announced yesterday. H. H. Shiff, who has been president of the California Bankers' Association, of which he is president. The other members of the directorate are Edward T. Off, John B. Miller, Col. W. J. Hogan, Frank G. Hogan, J. M. Linnard, Walter Raymond and J. G. Neustadt.

BOULEVARD IS PROPOSED.
If a plan now on foot in line with the construction of the Rubio Canyon street drain is carried out, Allen avenue, which in former years has been little less than a river in rainy weather, will be converted into a handsome, 100-foot wide boulevard. The water that has covered it to a depth of several inches, and left a scattering of silt carried down from the foothills, will be taken along Sierra Bonita avenue in the new drain.

MAYOR THUM AND THE MEMBERS OF THE STREET COMMITTEE OF THE CITY COUNCIL yesterday inspected the work that has been done thus far on the drain, and are well satisfied with it. The firm of Cox & Mathews, which has the contract for the Rubio drain, expects to complete its work there by the end of next February.

BITTEN BY DOG.
Mrs. W. T. Vaughn of No. 754 Lincoln avenue is suffering from the bite of a dog received last Tuesday as she was attempting to separate two fighting animals. One of them was her own, a collie. A finger was severely torn.

GOLDEN WEDDING.
Mr. and Mrs. Frank Hulet of No. 113 South Hudson avenue yesterday celebrated their golden wedding. An informal reception was held in the afternoon, and a family dinner party in the evening. Many friends presented their felicitations.

PHYSICAL WORK PLANNED.
Much attention will be given to physical training in the public schools this winter. Miss Emma W. Latham, formerly of San Francisco, has been engaged to visit the different grammar schools of the city and aid in the playground work, especially among the girls.

Twelve clubs now. The latest announcement of the Pasadena Polo Club is that twelve clubs will take part in the tournament to be played here this coming winter. Among the players will be many of the world's leading poloists. The local club has sent invitations to the clubs at Chicago, Burlington, San Mateo, Denver, Kansas City, Santa Barbara, Riverside, Colorado

CITY BRIEFS.

The new building ordinance yesterday was the subject of a conference of physicians at the City Hall. City Electrician W. H. Reeves yesterday arrived home from his vacation. He went to Alaska.

G. Kennedy of 2344 South Raymond avenue, in making a report yesterday of a collision, demanded of the city \$350 damages, as he said a man who ran into him with an automobile, was exceeding the speed limit.

SOUTH PASADENA, Sept. 25.—The tax rate for South Pasadena for the coming year was fixed at \$1.30 on each \$100 assessed valuation by the City Trustees last night. This is an increase of 10 cents over last year, the rate in being caused by added interest which will fall due upon the Arroyo Seco bridge bonds and because of the recent purchase of a road roller and scarifier, which depleted the general fund and necessitated drawing upon the reserve fund.

Another reason for the increased tax rate is the contemplated purchase of a street sweeper, another sprinkling wagon and other equipment for the street department.

The assessed valuation of South Pasadena as shown by the City Clerk's Auditor is \$4,400,000. This is determined upon a basis of about one-third of the actual valuation ascertained to be much lower than other cities.

The apportionment of the tax rate to the several funds is as follows: General fund, \$1.10, last year 90 cents; park fund, 14 cents, last year 11 cents; library fund, 10 cents, last year the same; Arroyo Seco bridge bonds, 14 cents, last year 11 cents.

Transfers were made from the reserve fund of last year to other funds as follows: To the general fund, \$700; to the engineer's fund, \$10,000; to the fire fund, \$300. This leaves a balance of \$2100 in the reserve fund.

City Attorney John Carson was instructed to notify the Pacific Electric street and Pasadena avenue, to guard against the rain soaking under the city's new pavement, and damaging it.

SEWER COMMISSION.
The Trunk Line Outfall Sewer Commission is to meet tomorrow noon at Christopher's in Los Angeles, and representatives from Alhambra, Arroyo, Azusa, Claremont, Compton, Covina, Glendale, Long Beach, Montebello, Norwalk, Pasadena, Pomona, South Pasadena and Whittier are to be present.

Engineers Olmstead and Gillespie will make a preliminary report stating progress of surveys to date.

Miss Elizabeth MacKintosh, formerly of San Francisco, is the new teacher of oral English and physical culture in the High School, taking the place of Mrs. Bertha Marshall, who resigned to be married.

PIONEER IN GLENDALE.

Former Railroad General Manager Dies After Long Life of Usefulness.
Opened Large Residence Tract.

GLENDALE, Sept. 24.—Funeral services were held this morning over the body of H. C. Goodell, 94 years old, who died at his residence on Monday, Sept. 23, after a long illness. He was the cause of death. For fourteen years Goodell was a resident of this valley, most of the time being passed in the home in which he died.

Before Glendale was incorporated as a city of the sixth class Goodell owned a large tract of land in the heart of the city, now known as Loma Park. This tract was subdivided just before the construction of the electric line to Glendale in the right of way which he gave four acres of ground. This is now the most desirable residential spot in the valley.

CITY BRIEFS.

LONG BEACH, Sept. 25.—The preliminary hearing of J. A. McDonald on a charge of bigamy, continued from last week, was completed today before Justice Underwood, and McDonald was held to answer to the Superior Court in the sum of \$4500.

McDonald's two alleged wives testified against him. In her marriage indictment, Pater his second marriage he found his funds were short, and desiring to accompany his latest wife to her new home in Long Beach, he was forced to borrow money from her.

Wife No. 2, whom he married in Oakland in 1910, testified that they were married twice, first by a justice and a second time at her request by a Presbyterian minister. In her marriage license, McDonald produced, her age was given as 28 and McDonald was 40.

Wife No. 3, whom he married in San Diego after three weeks' acquaintance, testified that she consented to the wedding under stress of his insistent pleas and to protect herself, McDonald having followed her to San Diego from Long Beach. In this marriage McDonald gave his age as 52.

It was McDonald's second marriage which got him into heavy trouble, but also caused his arrest on charges of forgery and uttering bogus checks, for which he is indicted. Pater his second marriage he found his funds were short, and desiring to accompany his latest wife to her new home in Long Beach, he was forced to borrow money from her.

McDonald was held to answer to the Superior Court in the sum of \$4500. The judge said that he was not a married man, and that he was not a married man, and that he was not a married man.

EXPERT VALUATIONS ON WATER SYSTEMS.

GLENDALE, Sept. 25.—Burns and McDonnell, hydraulic engineers of Los Angeles, who were employed several weeks ago to make an appraisal of the various water companies of this city, submitted their report to the City Trustees this week. The systems examined were those of the Verdugo Springs Water Company, the Verdugo Pipe and Reservoir Company, the Glendale Consolidated Water Company and the Miradero Water Company.

A thorough investigation of the various systems was made. Holes were dug in sixty locations of properties of the different companies to determine the character and condition. The report does not value real estate, which the engineers leave to the real estate men familiar with local conditions. This report was received for the benefit of the Glendale people who are working on the proposition of purchasing the various local systems and consolidating them into one municipal system.

The following is an excerpt of the report:

The present value of the Verdugo Springs Water Company is \$43,963.90. The average age of the different parts of the system is eleven years. The average useful life of the different parts of the system is thirty years.

The plant of the Verdugo Pipe and Reservoir Company is worth \$14,462.51, with an average age of eight years and an average useful life of twenty-five years.

The consolidated company's system is valued at \$85,471.15, with an average life of six years and an average useful life of twenty-five years.

The Miradero system is valued at \$30,287.88. The average life of the system is twenty-three years.

While the engineer's report gives an appraisal value of the different parts of the system, the city has an option on the property for \$5,000, and from Miradero Water Company's plant for \$25,700, while the engineer's report shows that the plant is worth \$30,287.88.

The engineers recommend that about seven miles of mains be laid, mostly in the larger size, to bring water under pressure into all sections of the city, that eighty fire hydrants be placed, and that a storage reservoir be built, at a total estimated cost of \$18,353.21.

The ability to do that is what differentiates the aggressive, dominant man or woman from the weakling and the pushover.

He who is going to start a bank account "tomorrow," might just as well postpone it until That Place freezes over. Nobody has ever seen Tomorrow. It is an "X," an unknown quantity.

But today is here.

And you whose eyes are focused on eventual success can do no better than to utilize this particular today by starting a savings account with us.

The men who have made this bank successful and who have helped its depositors to success.

W. C. Durgin, President; Robert Wankmuller, Vice-President; A. W. Ryan, Vice-President; W. S. Tannar, Vice-President; J. W. Kaye, Cashier; Earl W. Mueller, Assistant Cashier; J. L. Manatt, Assistant Cashier; Robert N. Sullivan, Director; Niles Passa, Director; E. W. Davis, Director; James C. Kaye, Director; J. Wankmuller, Director.

REDONDO BEACH, Sept. 25.—Redondo Beach would give an appropriation for a breakwater in this harbor, the decision of the board of the United States Army and Navy, this morning, was a straw vote at the meeting.

Statistics and information regarding harbor and wharves, necessary for the government will make a report for which an appropriation was ordered at the last session of Congress. The report will be submitted to the Secretary of War by the breakwater commission, which commenced its work in 1908 and who was largely responsible in securing the survey and the speech outlining the advantages of the harbor.

By reports of the government, the breakwater would be a point in the harbor, extending south for a distance of about 1000 feet, and reaching a depth of 20 feet.

This proposed breakwater would extend to a point about 1000 feet from the shore, and would be a point of defense for the harbor.

It would be a point of defense for the harbor, and would be a point of defense for the harbor.

It would be a point of defense for the harbor, and would be a point of defense for the harbor.

Another Month Almost Ended

Another eight-hundredth of your life almost gone.

And what have you done to make sure that the other eight-hundredths will find you better situated financially than you are at present? A bank account is such an easy thing to talk about! But it is surprising how much moral force it takes to start it, to save, to deny one's self, to add to the account week by week, no matter how little, so long as it is an addition.

The ability to do that is what differentiates the aggressive, dominant man or woman from the weakling and the pushover.

He who is going to start a bank account "tomorrow," might just as well postpone it until That Place freezes over. Nobody has ever seen Tomorrow. It is an "X," an unknown quantity.

But today is here.

And you whose eyes are focused on eventual success can do no better than to utilize this particular today by starting a savings account with us.

The men who have made this bank successful and who have helped its depositors to success.

by Good Margin When Game Is Called in Sixth.

BY HARRY A. WILLIAMS.

THE Angels and Tigers were turned loose in the same pen yesterday with the privilege of going each other to a finish, and when they finally ended the frolic, the milk maids were motoring home, and the laborers were limousine in the same direction. Among several other things, a triple

Angels Retired on One Play.

Triple Play Yesterday.
In the fourth inning of the first game yesterday a bid by the Seraphs was nullified by a triple play. With Hellmuller on second and Page on first, Driscoll attempted to sacrifice. The result was a low pop fly, which Raleigh caught. He threw the ball to Litschel at second, retiring Hellmuller, and Litschel relayed the ball to first, cutting off Page. You don't see them this very often.

play was thrown in for good measure. This was staged in the fourth inning of the first battle. Hellmuller opened the fourth with a zealous single to center, and all those concerned were safe when Raleigh raked in Page's grounder and missed Litschel with a wide throw to second. It was up to Driscoll to sacrifice. Milton attempted to do this, and the result was a fly to Raleigh. John soaked the ball to Litschel at second, mailing Hellmuller, who had almost gained third, and Litschel relayed the ball to Pater-
son, tripling Page at first.
Walter Leverenz unfurled cither ball in the main event, and the An-
gels won, 5 to 0. The afterpiece, a woody affair lasting five and a half minutes, was a real treat for the fans. While our noble ball teams were thus engaged in slitting each other's throats, the Oaks were busy according the Senators their daily beating. But don't think for a minute, kind friends, that a decision is due in the Coast League. True, Oakland with a five-game lead and a soft schedule looks like a good bet, but there is nearly a month and a half to go, and the going in baseball is uncertain. A canvass of the city last night failed to locate one fan who had given up hope. Six thousand and three fans saw yesterday's game, and 6000 of them stuck around until the last man was down. The other three were the victims of dinner engagements which could not be broken without insulting some of their wife's friends.
LOSERS IN FIRST.
But to digest the double-header. A large and exceptionally intelligent crowd was congregated at the park at the witching hour of 2 p.m. when Referee Newhouse and Referee Townsend called the combatants to the center of the ring. Vernon lost the first game almost before you could put an eye, let alone batting a baseball. The Angels hung up an ace in the first inning, and that was sufficient to win the game.
NEW RULING HITS
ALL HIGH SCHOOLS.
No more athletic cham-
pionships in high and intermediate schools!
Such was the dictum of the principals and representatives of the various schools in a resolution which was adopted unanimously yesterday afternoon at a meeting held at Olive-street school.
The constitution provided, among other things, that "no one shall represent any school as a competitor unless he is a bona fide student in the school in which he is registered and within the ninth to twelfth grades, and does not have a panning grade in three schools for the previous quarter."
It also provides that "the relative standing of the schools shall be determined by the results of the scheduled games. No final championship games shall be arranged."

But to digest the double-header. ALL HIGH SCHOOLS.

No more athletic cham-
pionships in high and intermediate schools!
Such was the dictum of the principals and representatives of the various schools in a resolution which was adopted unanimously yesterday afternoon at a meeting held at Olive-street school.

The constitution provided, among other things, that "no one shall represent any school as a competitor unless he is a bona fide student in the school in which he is registered and within the ninth to twelfth grades, and does not have a panning grade in three schools for the previous quarter."

It also provides that "the relative standing of the schools shall be determined by the results of the scheduled games. No final championship games shall be arranged."

Tom McCarey will start his night exhibitions out at Vernon next month and give some of the preliminary boys a chance to develop into championship form. This is a good idea and one of the best ways to develop champions. Rody Hanson, Frank Nell, Al Neil, Lew Powell, Jimmy Carroll, Abe and Monte Attell and many other good boys were developed from the fighting game in San Francisco. All the best boys up in that town at the present time started in the four and six-round game.

and muffed a fly in the first-inning, releasing a run to the plate. Throw your imagination into the high, and try and imagine anything like that. But Dick did that very thing.
Here is the evidence in the case: Howard hit to left for one base. This is Exhibit A. Berger sacrificed, putting Howard on second (Exhibit B). Moore struck out. Anything like that can't be used as an exhibit. Now, for Exhibit C, as follows, to wit: Half-muller leaped a fly into short right-center. Do you get the location? This meant quite a run for Bayless, but being quite a runner Dick got there. There is no question about him getting there. He arrived in ample time to make a clean muff, and Howard scored.

JOE AND DICK CLASH.

That was all for the Angels or any one else until the ninth inning, but one or two things were judiciously distributed in between. For instance, in the second inning, Bayless singled and was speedily stealing second. Boies to Berger. Dick threw himself into second base spikes first and with considerable force. Joey didn't like the manner in which Dick catapulted himself into the base, and told him so. Berger had a hunch that Bayless was trying to humiliate him. Bayless had some ideas of his own on the subject, and was saying things when he picked himself up out of the dust and shook himself to his old haunts in right field. Berger spit on his hands, rubbed them on the boom of his bloomers, muttered rather ominously, looked in the direction of Dick once or twice and then wended his way to the bench. All this was great stuff for the fans, and they cheered and booed in equal quantities. Then in the next few innings, Berger and Bayless proceeded to make a couple of catches apiece that made the fans forget the strained relations existing in the first inning, and all of those present applauded without stint.

CORE CHASED OUT.

Johnny Core, who hasn't had much publicity of late, got himself chased off the coaching line in the third inning. Empire Hildebrand acting as the chaser. Then in the fifth, "Happy" Hogan was surrounded in the act of coaching, whereupon Mr. Hildebrand summarily placed the skids under him and ordered him shot at sunrise.

The Angels got out without scoring after getting three singles and a walk in a row in the sixth, but they didn't get anywhere else—that is, just at that time. Howard singled, and was caught off first. Raleigh to Pater-
son and Moore also singled, and Page walked. Floozy catches by Bayless and Hildebrand on flies by Page and Driscoll did the rest.

Thus, by one or two gladsome leaps, we arrive at the ninth inning. As a starter, "Hainie" Hellmuller converted one of Raleigh's slow into a fast one. It was a single. Page forced "Hainie" at second. Driscoll deposited Page at second with a single to right. Metzger played

(Continued on Fourth Page.)

Nothing But Class.

GREAT ENTRY LIST FOR COMING HARNESS RACES.

THE largest entry list ever re-
ceived for harness racing in the
Pacific Coast is the record made
so far by the Los Angeles Harness
Association and reasoning from
this the directors believe they will be
able to show the best class of races
that any horse lover on the Coast ever
had presented to him. More than 170
entries have been received.
The best horses now in training on
the Coast are expected to be seen in
action in the big meet October 16 to
19, for the total prize money will be
more than \$20,000, and real money
always brings the flyers.
About seventy-five of them are now
quartered at Exposition Park, a spe-
cially built track, more than 100
yards in length, and more than 100
others are to arrive here from the
northern part of the State. Secretary
Delorey states that he thinks that all
the cracks will be here.
In addition to a matinee race and
a running event each day, there are
two purse races on the four-day
programme, and all of these main
events are not closed until the four-
day meet. The matinee and running
races will not close until the day be-
fore they are put on the card.
While not a very valuable one in
the way of money offered, it is ex-
pected that the "old field" stake for
two-year-olds will be the feature of
the meet as it will serve to bring out
the classiest young babies. There are
about 100 of them now in training, and
it is not one of the best of the breed
surprised if a real live racer is de-
veloped from the bunch.
Work is to be commenced in a few
days on the addition of a new track
seats that have been used by the
Driving Club, and seating capacity
at least 3000 persons will be sup-
plied.
The infield is to be flooded today
with the intention of getting it into
shape for the proposed football game.
The inside track is to be used in
rainy weather for exercise purposes.

Wolga and Rivers?

VAN COURT'S GOSSIP OF THE RING FIGHTERS.

BY DE WITT VAN COURT.

TOM JONES fails to sign up Joe
Mandot for another match, a spe-
cial dispatch to The Times from
New Orleans states that he will come
out to Taft and try to make a favor-
able match for the oil field town.

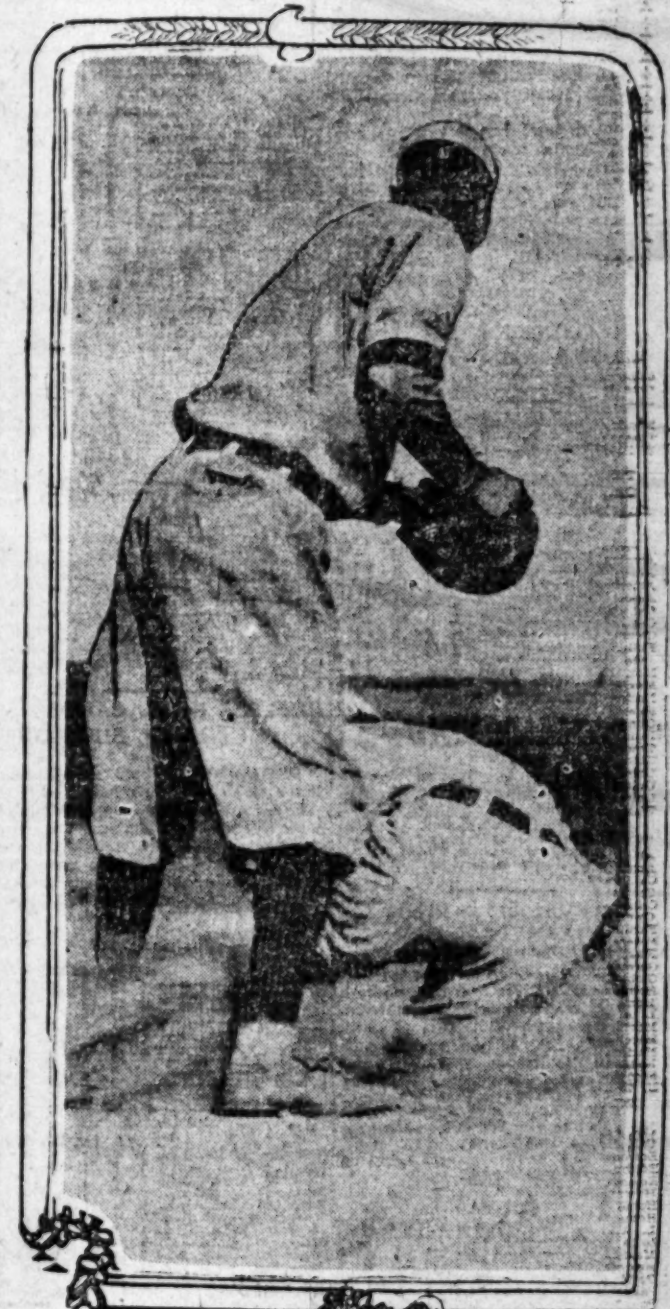

The local promoters do not take
much stock in the story of a Mandot-
Wolga match for Taft.

Joe Rivers came back yesterday
from Wheeler Springs. He says that
he has been going barroomed all over
the mountain trails and feels in fine
condition.

Joe Levy says that he has several
fine offers for Rivers to fight on
Thanksgiving Day and before. He has
declined them all. Joe says that he
has been promised the Thanksgiving
Day date and will wait for it.

It seems to feel sure that Wolga
and Rivers will fight here again on
that date.

Tom McCarey will start his night
exhibitions out at Vernon next month
and give some of the preliminary
boys a chance to develop into cham-
pionship form. This is a good idea
and one of the best ways to develop
champions. Rody Hanson, Frank
Nell, Al Neil, Lew Powell, Jimmy Car-
roll, Abe and Monte Attell and many
other good boys were developed from
the fighting game in San Francisco.
All the best boys up in that town at
the present time started in the four
and six-round game.

Burrell Regaining Bag.
After Burrell had beaten out an infield single in the fifth inning of the second game, Pitcher Peritt devoted considerable time trying to make him lose first. These efforts did not prevent Burrell from stealing second. Burrell is here shown "reversing" into first base in advance of a Peritt leave.

Good News Here.

SHERMAN INDIANS TO PLAY AMERICAN GAME.

RUGBY failed to make a hit at
Sherman Institute. This ap-
pointment from Riverside will
sound nice to the boosters for the
American style of play, but there is
more. It is reported that Coach Joe
Shoulder has three teams in the field
playing the good American game, and
that the Sherman Indians will break
into the running again this fall.
The three teams are made up of
California Indians, young braves from
Arizona and the East, and one of boys
who are taking the agricultural course
at the institute. They are playing
among themselves and expect to
round out an eleven of the old-time
caliber before the season is very far
under way.
At one time the Sherman Indians
were the greatest drawing cards on
the California football map, but when
the northern universities fell for the
English game, Uncle Sam's wards
found it hard to get games which
would pay the expenses of the team,
and the game was dropped.
Now that the game has been re-
vived to a certain extent at the In-
dian school, managers are after
dates.
As soon as Manager Jones of Po-
mona heard the Indians were playing
football, he opened up with a bid for
a game, to take the place of the can-
celled Denver game.
Coach Stanton, who played four
years at Dickinson College, knows
the Indians well. When he was cap-
tain of the Dickinson team, he used
to take his boys over to buck against
Warner's Carlisle boys two or three
times a week, and says he likes their
style. Nothing would give Ameri-
can game a greater boost in Califor-
nia than a Pomona-Indian game in
Los Angeles. Stanton knows this and
is anxious to have his boys play the
braves.
If Pomona meets the Indians, it is
likely that Occidental will want to
get a chance at them also. Occidental
has the making of a wonderful eleven
this year, and another big game
added to the schedule would be a
great card.

protested, it being charged she was more than three years old.

Summary:
The 2:15 class pace, 3 in 51, purse,
\$1200 (2 heats Tuesday): Beale, Bee,
won; Carra G., second; Silver Dia-
mond, third. Best time, 2:06 1/4.
Horse Review Futurity, 3-year-old
pacers, 2 in 51, purse, \$1000: Anna
Arme, won; Impetuous Farmer, second;
Herman Wenger, third. Best time,
2:08 1/4.

Do best 2:15 trotting: Magowan
won. Time, 2:12.
The 2:14 trot, \$10,000: Dave Hall,
won; Dorah Medium, second; Ruth
McGregor, third. Best time, 2:06 1/4.
The 2:09 pace, \$1200: Columbia
Fire, won; Early Thacker, second;
Postilly, third. Best time, 2:04 1/4.
Capital City stake, 2:10 trotters,
\$2000: Cheney, won; Bergrin, second;
The Wanderer, third. Best time,
2:07 1/4.

The 2:15 pace, purse, \$1500 (un-
finished yesterday): Beale Bee, won;
Carra G., second; Silver Diamond,
third. Best time, 2:08 1/4.

DAVE HALLE TAKES
RICH COLUMBUS STAKE.

(BY A. P. NIGHT WIRE TO THE TIMES.)
COLUMBUS (O.) Sept. 25.—Dave
Halle, 4-year-old trotter, owned by A.
Frank of Memphis and driven by T.
W. Murphy, today won the Hester Co-
lumbus \$10,000 stake. Four heats,
the first being taken by Dorah Medium
in 2:08 1/4, were required. The win-
ner's best time was 2:06 1/4. At every
finish three horses were lapped.
Anna Arme was proclaimed the
winner of the 3-year-old pacing Horse
Review Futurity. Her victory was

FRED KELLY WILL TELL OF OLYMPIC.

The Times takes great pleas-
ure in announcing that Fred
W. Kelly, winner of the high
hurdles at the Olympic games,
will write a series of special
articles for The Pink Sheet, be-
ginning next Sunday morning.
In these articles he will cov-
er the Olympic games as he
saw them and give the inside
facts about some of the most
important races of the meet.
He will also give a few point-
ers on how he learned to
hurdle.

WEBB'S HAIR TONIC
Cures Dandruff—stimulates growth of hair—prevents falling. The
best hair tonic ever produced. For sale by **BOSWELL & NOYES,** 500
300 South Broadway, Corner Third.

"Barbaraza"—The Finale.

A study of Laurette Taylor as the desolate Manana heroine. Act III: The departure of the Lord of the Manor.

Baseball Night Tonight.

VERNON AND ANGEL TEAMS VISIT LYCEUM TONIGHT.

THE Vernon and Los Angeles baseball teams, with their particular champions, their wives and their sweethearts, will be the guests tonight of Dick Ferris and the Lyceum Theater, where Sedley Brown's new baseball play, "The Home Plate," is being produced for the first time on any stage.

All of the boxes in the house have been reserved for the players, and the overflow has been provided for "down front." If there is any room left, the public will be allowed to "get in on the fun." The sporting department of all the Los Angeles papers have also been invited, and suitable decorations and other preparations will make Thursday night the elegant "baseball night" ever seen in Los Angeles.

It is doubtful if there is a ball player on either the Vernon or Los Angeles team who is not a personal friend of Dick Ferris, who is producing "The Home Plate," and the great electric baseball diamond, which has been declared by experts to be the greatest device for reproducing a ball game that has ever been invented, has aroused their interest.

Perhaps for the first time in their lives, these men, who are daily in the line light, will appear in the role of rooters, and watch a ball game instead of participating in it.

"We'll be eighty strong," declared Hap Hagan, as he, Pop Dillon and Mr. Ferris talked over the arrangements. "That is," he added, "if I can root without fear of being fined."

"Go as far as you like," retorted the popular showman, so Hap is happy. Dillon, ever cautious, immediately insisted that he be seated in an opposite box, and if the two have their way, the umpire will be seated on a platform close to the footlights and in good target distance from all parts of the house.

Not to be outdone in the exchange

of courtesies, the Vernon and Los Angeles teams, who are daily in the line light, will appear in the role of rooters, and watch a ball game instead of participating in it.

IN THE BIG PLAY-WORLD

By JULIAN JOHNSON.

Robert Morris, former well-known local stage director, has replaced Frank Sheridan in "The Bird of Paradise." Morris released Sheridan, who in turn released Wilton Lackaye, who in turn released Wilton Lackaye in "Fine Feathers." Lackaye has gone into Nat Goodwin's part in "Oliver Twist."

Eleanor Kent, who has appeared in Los Angeles many times in comic opera, will have one of the two stellar roles in John Costello's production, "The Play-Lovers," at the New York City.

David Warfield is going back—not to "The Music Master," but clear back to "The Auctioneer." This piece, by Lee Arthur, if you remember, will be given an elaborate revival by David Belasco next autumn, and Warfield will tour in it during 1913-14.

Sarah Bernhardt will sail for New York November 24, to appear on this side in vaudeville, on the Orpheum Circuit.

Martin Beck has announced that he will surround Bernhardt with "the five most refined acts on the vaudeville stage." The five have not been announced, but safe to say at least three-fourths of the vaudeville profession are certain that they will be with the Bernhardt troupe.

Bernhardt opened at the London Coliseum last Monday in a tabloid edition of "Lucresia Borgia," and an extremely fashionable audience gave her a reception that was positively frantic. The great French actress is said to be years younger in appearance. She says that during the present year she has lived almost entirely upon shrimp and raw eggs, and has found this diet wonderfully rejuvenating.

Russ Whittall, who played Justice Prentiss here with John Mason, in "The Witching Hour," is to have a new vaudeville act, entitled "Lull." Translated from the French, this becomes simply, "Him."

Napierhowa, one of the greatest of the younger Russian dancers, long a rage in London and Paris, will make her American debut in Chicago January 17 next.

"Kindling" with Margaret Illington, is going to London, Frank Camp and A. Byron Bousley will also be in the company, if the London deal is consummated with any degree of speed.

Ernest Edelen's production of "Gipsies" was done in London last week. The play shows five phases of the eternal triangle, and presents a realistic, modern, present-day picture of man, woman and the serpent.

After years of drift and failure, Leoncavallo is said to have come through with another smashing one-act opera, "The Opera."

Maud Allan will tour the English provinces.

George Fawcett has scored a very great personal success in "The Great John Ganton," in London. Mr. Fawcett's dramatization has been termed "unimpaired," not a new theme, and too American.

Before leaving for Australia Fred Niblo leased his nine travel talks, including 1400 color slides and more than 10,000 feet of picture film, for a very considerable price.

Charles Richman, recently leading man here with "Houghton and For," will be leading man of a new stock company in Seattle next summer. Richman is now in the hands of Charles Wilson, now managing the Broadhurst play.

"Broadway Jones," George M. Cohan's new piece, had its tryout in Hartford last week, very successfully. Cohan himself plays the title part. It is a straight farce, without music.

Further orders, Johnny, however, until "Rube" was sent home. After that, Kane didn't care.

The scores:
First game:
LOS ANGELES
Hagan, 1; Dillon, 2; Ferris, 3; Brown, 4; Lackaye, 5; Morris, 6; Kent, 7; Whittall, 8; Napierhowa, 9; Edelen, 10; Fawcett, 11; Richman, 12; Niblo, 13; Cohan, 14; Wilson, 15; Rube, 16; Kane, 17; Jones, 18; Cohan, 19; Wilson, 20; Rube, 21; Kane, 22; Jones, 23; Cohan, 24; Wilson, 25; Rube, 26; Kane, 27; Jones, 28; Cohan, 29; Wilson, 30; Rube, 31; Kane, 32; Jones, 33; Cohan, 34; Wilson, 35; Rube, 36; Kane, 37; Jones, 38; Cohan, 39; Wilson, 40; Rube, 41; Kane, 42; Jones, 43; Cohan, 44; Wilson, 45; Rube, 46; Kane, 47; Jones, 48; Cohan, 49; Wilson, 50; Rube, 51; Kane, 52; Jones, 53; Cohan, 54; Wilson, 55; Rube, 56;
